

## **Free Jambalaya COVID-19 Studio Protocol**

### Facility & Sanitation

- All studio rooms are cleaned and sanitized before each session
- All headphones are cleaned before each session
- Hand sanitizer is available in the Control Room
- Antibacterial soap and sinks are available in both the bathroom and the kitchen

### Best Practices

- Upon arrival, text or call your engineer and enter through the back door (kitchen) to avoid close proximity in the Control Room
- Remain at least 6 feet away from others at all times
- Avoid entering the control room unless necessary
- Do not touch any equipment unless specifically instructed to do so by an engineer
- Wash your hands regularly throughout the session
